

## 2<sup>ND</sup> ANNUAL BULL SALE

Friday, April 8, 2011

1:00 PM

Valley Livestock Sales,  
Minitonas, MB

- TWO YEAR OLD RED AND BLACK ANGUS BULLS—FORAGE RAISED
- RED AND BLACK ANGUS YEARLING BULLS
- ANGUS CROSS OPEN HEIFERS

*“PURCHASE YOUR NEXT HERDSIRE WITH  
CONFIDENCE”*

Welcome to our second annual bull sale. It hardly seems like a year ago that we were embarking on this new venture. We were overwhelmed with the support at last years sale and wish to thank everyone who supported our program.

Honesty and integrity are the cornerstones of our operation and we have worked hard over the years to build a herd on these values. The cattle speak for themselves. We both work off the farm so we have made many adjustments to our operation, basically the cows have to do a lot of it on their own.

This year we started calving in late February with a group of bred heifers. We are very excited about our "Who's Next 39S" first calf heifers, they are proving to be great mothers. The main cow herd starts the end of March. Our main focus continues to be two year old bulls. None of our bulls receive creep feed prior to weaning. The two year olds are raised their first winter strictly on forage. The second winter they receive a forage based ration with grain supplement. All bulls receive free choice mineral.

We are offering a very select group of yearling bulls. With no creep feed these bulls received a growing ration beginning in November. There are some interesting pedigrees offered, including some new "old" genetics from Scotland, the birthplace of the Angus breed. These bulls offer thickness and performance that has made the Angus breed what it is today.

We can't thank our family and neighbors enough for all their extra help. You are always willing to pitch in on our "working weekends".

If we can help you select a bull for your program, please give us a call. As well, Valley Livestock Sales will be available sale day. Hope to see you April 8th!

Sincerely,  
Bruce and Ione Anderson

The last 5M bull for offer from our farm. He was as predictable a sire as you could find. 24T's maternal brother, 51X is one of our top yearlings.

We stopped to visit a pasture one afternoon and this heifer just loves Breanna. We teased her that she must have something sweet in her shoes. The cattle need to have good attitudes or they don't stay in our herd.

**Terms:** The terms of the sale are cash or cheque, payable in Canadian Funds. The right of property shall not pass until after the settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneers decision will be final. Announcements from the auction block take precedence over the printed matter in the catalogue.

**Cattle Inspection:** All carry permanent identity tags, corresponding to Sale Lot Numbers as well as Canadian Cattle Identification Tags.

**Health:** The bulls offered for the sale have been vaccinated for IBR, PI-3, BRVS, 8 WAY BLACK LEG, HEAMOPHILUS, SOMNUS AND PASTERURELLA HAEMOLYTICA. All bulls were treated for external and internal parasites.

**Breeding Guarantee:** All cattle are sound and right, and sell with a responsible breeder guarantee of satisfaction. In the event of an unlikely dispute, the regular terms and conditions of the Canadian Angus Association shall apply. All bulls will be semen tested and breeding soundness evaluated by a licensed veterinarian.

**Phone or Mail Bids:** If you are unable to attend sale day, you can entrust your bid in confidence to sales staff or the consignors.

**Insurance:** The animals become the responsibility of the purchaser after the animal is sold. Insurance will be available on sale day. We strongly recommend you insure your purchase.

**Liabilities:** All persons attend the sale at their own risk. The seller, facility owner and sale staff assume no liability, legal or otherwise for any accidents that occur.

BIA 67X

*Thank you to the 2010 Volume Buyer: TLC Cattle Company, Joel Delaurier and Highest Bidder: Bar E Farms, Brian Eisner. Both were presented with a limited edition print of "Next Generation" by Austen Anderson.*

**NOTES****YEARLING HEIFERS**

A group of 10 Angus cross heifer calves will be sold immediately following the bulls. Their mothers are Angus x Gelbvieh and they will grow to be great mothers. Every year the kids 4-H steers are picked out of these females and we have always finished the steers at one year of age. The entire group of heifers at ACC is very quiet and used to people, dogs and horses. Please take a look.

**Austen Anderson Artwork**

To view samples of Austen's artwork please visit [www.andersoncattle.ca](http://www.andersoncattle.ca). Pieces include acrylic, watercolor, pencil drawings and painted rocks, all focusing on rural life. Reproductions of the WAF pictures donated to the CJAA— "Next Generation" and "Determination" are available for sale.
