**WELCOME TO THE 1st ANNUAL  
ANDERSON CATTLE COMPANY INC BULL SALE!**

We have thought about having a bull sale for many years and decided the time had come. Anderson Cattle Company Inc. is a family operation. Austen and Breanna will be the fifth generation of Anderson's to farm in the Swan River Valley. Their Grandfather, Doug Anderson was a well respected cattleman and instrumental in the growth of both the Angus and Gelbvieh breeds across Canada. He passed on his love for the industry and the life long values of honesty and integrity.

We have worked hard over the years to build a herd on these values. The cattle speak for themselves. We both work off the farm so have made many adjustments to our operation. The cows have to do a lot of it on their own. We believe in Angus and it just takes a glimpse of that first born calf each spring to understand why we work so hard. Some of the greatest things in life truly are free!

Calving starts the beginning of March so our main focus has been offering two year old bulls. None of our bulls receive creep feed prior to weaning. The two year olds are raised their first winter strictly on forage. The second winter they receive a forage based ration with grain supplement. All bulls receive free choice mineral.

In 2007 we introduced a new sire "Who's Next 39S" to the majority of our cow herd. His calves are very consistent. The 2009 calf crop was so impressive that we are offering a select group as yearling bulls. With no creep feed these bulls received a growing ration beginning in November.

We would like to thank all our past customers who supported our program on the farm through the years. We would not be here without you. As well, we must thank our family and neighbors for all their extra help. You are always willing to pitch in on our "working weekends".

If we can help you select a bull for your program, please give us a call. As well, Valley Livestock Sales will be available sale day. Hope to see you April 10th!

Sincerely,

Bruce and Ione Anderson.

Austen, Breanna,  
Ione, Bruce  
Anderson and  
Dora (our other  
working dog!)

*Mothering ability—a picture paints a thousand words. With both of us working off the farm and Austen in university, the cows have to do it on their own. Highest indexing bull in pen.

**Terms:** The terms of the sale are cash or cheque, payable in Canadian Funds. The right of property shall not pass until after the settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneers decision will be final. Announcements from the auction block take precedence over the printed matter in the catalogue.

**Cattle Inspection:** All carry permanent identity tags, corresponding to Sale Lot Numbers as well as Canadian Cattle Identification Tags.

**Health:** The bulls offered for the sale have been vaccinated for IBR, PI-3, BRSV, 8 WAY BLACK LEG, HEAMOPHILUS, SOMNUS AND PASTERURELLA HAEMOLYTICA. All bulls were treated for external and internal parasites.

**Breeding Guarantee:** All cattle are sound and right, and sell with a responsible breeder guarantee of satisfaction. In the event of an unlikely dispute, the regular terms and conditions of the Canadian Angus Association shall apply. All bulls will be semen tested and breeding soundness evaluated by a licensed veterinarian.

**Phone or Mail Bids:** If you are unable to attend sale day, you can entrust your bid in confidence to sales staff or the consignors.

**Insurance:** The animals become the responsibility of the purchaser after the animal is sold. Insurance will be available on sale day. We strongly recommend you insure your purchase.

**Liabilities:** All persons attend the sale at their own risk. The seller, facility owner and sale staff assume no liability, legal or otherwise for any accidents that occur.
